

Home learning support

When will my child need to learn from home?

If your child has to **self-isolate** because of coronavirus

If there's a **local lockdown** and the school is advised to partially close or your child has to shield

What's my child expected to do?

At Bure Park Primary School, we are determined to keep all of our pupils on-track this year and make sure no one falls behind if they need to learn from home because of coronavirus.

We want to make sure your child can learn as much as possible at home. The following new guidelines cover our ideal expectations of what we'd like your child to do while learning remotely, and how we plan to support you and them. We have listened to feedback from parents and have set up Google classrooms to use with Years 1 – 6 from the beginning of October.

Each day we would like your child to:

Access Google Classroom and complete the work set by the class teacher. Please be aware that your child's teacher may still be working with their class.

It is important that your child engages with home learning. If they struggle to do this, we will use the following strategies to provide additional support:

Phone call home

Increased feedback

What support will the school provide?

Regular contact with teachers: through asynchronous video lessons and telephone calls.

Regular feedback: via Google Classroom

In the event of a bubble closure, the class email addresses will be used to enable parents to raise any concerns with teachers.

If you do not have access to a laptop or tablet, please contact the office for paper copies of the work. We may be able to provide a laptop for you, as we have a limited supply from the DfE. Please speak to our school office.

What can I do to help my child?

Create a positive environment for your child to learn at home, for example:

Distinguish between weekdays and weekends, to separate school life and home life.

Designate a working space if possible, and at the end of the day have a clear cut-off to signal school time is over.

Create and stick to a routine, as this is what your child is used to at school. For example, eat breakfast at the same time each morning and make sure they're dressed before starting the 'school' day.

Stick a timetable up on the wall so everyone knows what they should be doing when, and tick activities off throughout the day.

Make time for exercise and breaks throughout the day to keep your child active.
